

MAIN HANDLING ITEMS

HOUSING / MATERIALS

WE HELP YOU BUILD HOUSES TO MATCH YOUR LIFESTYLE.

We help you build houses to match your lifestyle by importing various housing materials another item of our specialty. We are involved in the housing business where we help procurement and importation of lumber and other housing materials from North America, Europe, China, and countries in the Southern Hemisphere. As integrated services, we also provide transportation, unloading, documentation, stevedoring, warehousing, and domestic transportation services. Domestically, we transport lumber and housing materials from Hokkaido in the north to Kyushu in the south of Japan. Our sales, operation, and customs clearance staff are experienced professionals who are able to present an integrated transport service package, from port of import to the customer's site. Please come to us if you have any questions or requests on handling imported housing materials.

VEHICLES, MACHINES AND EQUIPMENT

IN THIS AGE OF MOTORIZATION, CARS ARE INDISPENSABLE TO OUR LIVES.

In this age of motorization, cars are indispensable to our lives. It is so much a part of our daily lives that we call our society a "Car Society" and the role that it has played in advancing IT and latest technology is extensive. Sankyo Corporation offers the following services for new and used cars, trucks, motorcycles, CKDs, machinery and plant facilities: loading and unloading, export/import procedures, customs clearance and delivery to and installation at end-users. Another service we offer is the support of used car auction events where we deliver vehicles to the auction site, and then to the bidders, and we support the management of the site. We also support the import/export of boats, from small yachts to huge cruisers, as well as sponsor one of the largest boat shows in Japan by acting as the official freight forwarder for the event. At the same time, we support the Boat Show, the biggest of such events in Japan, as the official freight forwarder.

FOOD

DELICACIES FROM ALL OVER THE WORLD.

Just think about the food on your dining table everyday, or the food that you are served in a restaurant. Much of them are imported from abroad. Food is being imported into Japan from all over the world, although in recent years, high-value exports from Japan to the world have been on the rise. Foodstuff that sustains our lives is one of the main items that we handle at Sankyo Corporation. We handle foodstuff such as grain, livestock products, marine products, vegetables, fruits, and numerous other products with utmost care so that their freshness is maintained, and they are stored and transported the way they should be. Our professional staff handles the foodstuff from their production sites to the consuming destinations with utmost care.

GENERAL CARGO

WE HANDLE VARIOUS CARGO CLASSIFIED AS "GENERAL COMMODITIES"

This type of commodity surrounds us everywhere. Besides foodstuff and lumber, we handle various cargo classified as "General Commodities." There are many commodities that you see in your everyday life. For instance, paper that is used to make books and magazines, fashionably designed furniture and interior items, rubber for manufacturing tires and golf balls, Animal Feed to raise livestock and fertilizers that are used to raise crops, chemical products, fireproof material, cooking oil, and countless others. They may vary in shape and size; animals may be required to receive quarantine; and plants may have to receive inspection according to Import Regulations. Our professional staff is always ready to serve our customers in times of need so that operations can be carried out quickly and smoothly.
